JESUS HOUSE, DC
Restoring Hope ... Maximizing Potential

Dear Ms Henderson,

I trust this mail finds you having a prosperous day.

Thank you so much for making yourself available to come and speak with our Membership Care Volunteers at Jesus House DC in August. The teaching was excellent and we believe it achieved the purpose for which the training day was set up.

Due to your teaching on that day our volunteers have said they have a better understanding of how their speech, attitude and general conduct can either strengthen or weaken the brand name of our church.

Again on behalf of the leadership of our church, thank you for coming, may your kind overture be richly rewarded.

Regards and God bless

Pastor Kemi Onanuga
